# WHEN VISITORS COME TO MY HOUSE

# WHEN VISITORS COME TO MY HOUSE

1

For a long time, visitors were not allowed to visit my house because of coronavirus.

2

It will soon be safe for some visitors to come to my house and garden again.

3

We will still stay safe by washing hands and using sanitiser.

4

If I get anxious about noise I can put on my headphones or go to my quiet area.

5

If I feel I need some time on my own I can go to my room or my quiet area.

6

People are happy to see family and friends again.
